at last an intelligent and accessible introduction to the relationship between feminism and deconstruction in this incisive and illuminating book diane elam unravels the contemporary

relevance of feminism and deconstruction how we can still understand and talk about the materiality of women's bodies whether gender can be distinguished from sex the place of ethics and political action in the light of postmodernist theory clearly and brilliantly written feminism and deconstruction is essential reading for anyone who needs a no nonsense but stimulating guide through one of the mazes of contemporary theory

our political climate is increasingly characterised by hostility towards constructed others gormley answers the question what does it mean to do justice to others in developing this account he places deliberative theory and deconstruction into critical conversation with the work of mouffe aristotle rorty laclau and critical theory

the routledge companion to criticality in art architecture and design presents an in depth exploration of criticism and criticality in theory and practice across the disciplines of art architecture and design professional criticism is a vital part of understanding the cultural significance of designed objects and environments that we engage with on a daily basis yet there is evidence to show that this practice is changing this edited volume investigates how practitioners researchers educators and professionals engage with think about and value the practice of critique with contributions from a multi disciplinary authorship from nine countries the uk usa australia india netherlands switzerland south africa belgium and denmark this companion provides a wide range of leading perspectives evaluating the landscape of criticality and how it is being shaped by technological and social advances illustrated with over 60 black and white images and structured into five sections the routledge companion to criticality in art architecture and design is a comprehensive volume for researchers educators and students exploring the changing role of criticism through interdisciplinary perspectives

pam gilbert presents an intelligent and clear critique of popular assumptions about the teaching of writing and literature and proposes alternative positions derived from post structuralist theories of textuality

this book explores the possibilities offered by derrida's work on democracy for interpreting contemporary struggles over democracy in turkey the relationship between democracy and justice seems of unquestionable importance to derrida with democracy and justice held in tension by deconstruction agnes czajka offers a qualified endorsement of a just democracy grounded in the possibilities opened up by reading derrida's work on democracy together with his work on justice she posits that one way of imagining democracy to come might be to imagine it as a just democracy or one poised at the intersection of the aporia of democracy and the non imperative to justice in the particular context of contemporary struggles over democracy in turkey she also explores what such comportment toward a just democracy or a justice of in democracy might look like in the context of that particular democracy

twelve clear and effective essays shed new light on shakespeare the contributors write in on and sometimes against deconstruction the most powerful and controversial theoretical movement in decades writing about several plays and sonnets the critics explore the contribution of deconstruction to our understanding of shakespeare this unique and wide ranging collection of essays will interest shakespeareans and theorists alike

such as schleiermacher dilthey heidegger gadamer vattimo and apel this companion is an essential guide to the hermeneutic tradition dermot moran university college dublin hermeneutics the philosophical theory of interpretation has been one of the most influential strands of european thought over the last two hundred years or more this comprehensive volume of essays with contributions by many leading experts in the field constitutes an ideal point of entry into the hermeneutic tradition its range and level of detail will also appeal to those who wish to advance their knowledge of hermeneutic philosophy and its many important consequences peter dewes university of essex the blackwell companion to hermeneutics is a collection of original essays that provides a definitive historical systematic authoritative and critical compendium of philosophical hermeneutics the volume explores the art and theory of interpretation as it intersects with contemporary philosophical and interdisciplinary schools of thought including humanism politics education theology literature and law essays also include cutting edge discussions of the relation of hermeneutics to the history of philosophy and address the major themes topics core concepts and key figures at the heart of the discipline the reference features 70 chapters from an international cast of leading and upcoming scholars who offer historically informed philosophically comprehensive and critically astute contributions in their individual fields of expertise in doing so they identify and enact different aspects of hermeneutical aims and approaches in an attempt to bear witness to both the inherent diversity of hermeneutics and also the constancy and fidelity of its return to history and tradition timely and thought provoking the blackwell companion to hermeneutics is the only comprehensive reference work of its kind and offers a wealth of information for everyone with an interest in hermeneutics

in the oxford handbook of leadership followership and identity olga epitropaki and ronit kark bring together prominent scholars to explore how our self perceptions as leaders and followers can shape personal team and organizational outcomes as well as how these identities evolve over time chapter authors cover emerging themes that capture the complexity of leader follower identity processes and open new pathways for theoretical and empirical research by synthesizing cutting edge research and offering forward looking perspectives the handbook serves as a resource for leadership and organizational scholars and a springboard for innovative perspectives in leadership development

social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all students in particular are likely to turn to the web to find quick background information on theorists and theories however most web based information is inaccurate and or lacks depth students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will in response sage reference plans to publish the two volume theory in social and cultural anthropology an encyclopedia features benefits two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage to ease navigation between and among related entries a reader s guide groups entries thematically and each entry is followed by cross references in the electronic version the reader s guide combines with the cross references and a detailed index to provide robust search and browse capabilities an appendix with a chronology of anthropology theory allows students to easily chart directions and trends in thought and theory from early times to the present suggestions for further reading at the end of each entry and a master bibliography at the end guide readers to sources for more detailed research and discussion

in a series of insightful excursions through the institutional culture of schools and classrooms kanpol provides us with a rich tapestry of experiences within which are found not only conformity coercion and alienation but also hope dignity and an empowering pedagogy of the other most significantly the practices that value cultural differences and that enhance the voice of those historically silenced and demeaned emerge out of the egalitarian commitments and struggles of teachers in kanpol s clear but simple formulation of similarity within difference there is the vision of human relationships which honor cultural linguistic and historical distinctiveness but which insist on the continuing vitality and viability of a common human vision and on the necessity of finding the common ground of political struggle svi shapiro from the foreword

it is now widely accepted that the ethics of deconstruction was the first book to argue for the ethical turn in derrida s work critchley shows as powerfully as possible how deconstruction and persuasive ethical consequences are vital to our thinking through of questions relating to politics and democracy parts of the book have been published in several european languages and a complete edition will appear in german next year this new edition will update and confirm this title as a standard reference work in the area of french philosophy and theory

publisher description

the author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably friedrich nietzsche michel foucault jacques derrida francois lyotard and richard rorty he concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system annotation copyrighted by book news inc portland or

although the last half of the twentieth century has been called the age of democracy the twenty first has already demonstrated the fragility of its apparent triumph as the dominant form of government throughout the world reassessing the fate of democracy for our time distinguished political theorist ralph ketcham traces the evolution of this idea over the course of four hundred years he traces democracy s bumpy ride in a book that is both an exercise in the history of ideas and an explication of democratic theory ketcham examines the rationales for democratic government identifies the fault lines that separate democracy from good government and suggests ways to strengthen it in order to meet future challenges drawing on an encyclopedic command of history and politics he examines the rationales that have been offered for democratic government over the course of four manifestations of modernity that he identifies in the western and east asian world since 1600 ketcham first considers the fundamental axioms established by theorists of the enlightenment bacon locke jefferson and reflected in america s founding then moves on to the mostly post darwinian critiques by bentham veblen dewey and others that produced theories of the liberal corporate state he explains late nineteenth century asian responses to democracy as the third manifestation grounded in confucian respect for communal and hierarchical norms followed by late twentieth century postmodernist thought that views democratic states as oppressive and seeks to empower marginalized groups ketcham critiques the first second and fourth modernity rationales for democracy and suggests that the asian approach may represent a reconciliation of ancient wisdom and modern science better suited to today s world he advocates a reorientation of democracy that de-emphasizes group or identity politics and restores the wholeness of the civic community proposing a return to the jeffersonian universalism that which informed the founding of the united states if democracy is to flourish in a fifth manifestation the idea of democracy in the

modern era is an erudite interdisciplinary work of great breadth and complexity that looks to the past in order to reframe the future with its global overview and comparative insights it will stimulate discussion of how democracy can survive and thrive in the coming era

catton treats the diem government on its own terms rather than as an appendage of american policy focusing on the decade from dien bien phu to diem s assassination in 1963 he examines the vietnamese leader s nation building and reform efforts particularly his strategic hamlet program which sought to separate guerrilla insurgents from the peasantry and build grassroots support for his regime catton s evaluation of the collapse of that program offers fresh insights into both diem s limitations as a leader and the ideological and organizational weaknesses of his government while his assessment of the evolution of washington s relations with saigon provides new insight into america s growing involvement in the vietnamese civil war

in living in the landscape arnold berleant explores new ways of thinking about how we live and might live in the landscapes that enfold us through the concepts of aesthetic engagement and environmental continuity he proposes a new paradigm that offers a holistic approach to the meaning of place and places of meaning in our lives although environmental aesthetics is linked in the popular mind to dramatic vistas and monumental landscapes the grand canyon for example berleant is much more concerned with the commonplace settings of everyday life he argues that our active appreciation of or aesthetic engagement with the prosaic landscapes of home work local travel and recreation plays a vital role in our discovery of hidden continuities as well as pleasure and meaning in the places we inhabit berleant begins with a general introduction to environmental aesthetics identifying the kinds of experience meanings and values it involves and describing its historical sources and the issues with which it is concerned in the rest of the book he spotlights new directions in the field as they relate to education community creativity and the sacred and provides an insightful analysis of negative environmental aesthetics throughout he is both thoughtful and entertaining as evidenced in his extended critique of the pop post modern environment of disney world berleant addresses issues commonly associated with the environmental movement e g preservation pollution control and quality of life but his study draws from a wide range of disciplines and for that reason should also appeal to scholars and students interested in art and aesthetics landscape architecture and planning urban and environmental design and cultural geography as well as environmental studies

how have health illness and medicine been affected by social change what are the implications of disorganized capitalism neo liberalism and the third way for health and healing how important are class gender and ethnic relations for health care reforms and the distribution of health health and social change offers a clear and incisive examination of the social changes that have affected capitalist societies and their ramifications for health and for systems of healing it reviews the major paradigms of medical sociology and considers theories of the postmodern turn the author draws on critical realism and critical theory to demonstrate the significance of the shift from organized to disorganized capitalism for health care reform in particular in britain and the usa for the present widening of health inequalities and for people s use of popular folk and professional forms of healing he goes on to examine the role of a critical sociology and its necessary relationship to civil society and deliberative democracy the result is an engaging and thought provoking text for students researchers and professionals interested in health and social change
